

DIRECT MAIL PILOT, SE RALEIGH

Carolina Quality Air · prepared by Ben Foreman · August 29, 2026

2,171 homes · \$887.74 all in

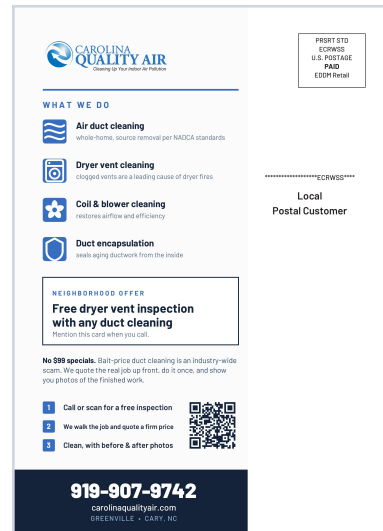

BOTTOM LINE

The mailer you approved goes to every mailbox on three postal routes in SE Raleigh: 2,171 homes, about 830 of them built 2006 to 2011. Total cost is \$887.74, print plus postage, no middleman. The print guy's quote was \$800 to \$900 for one neighborhood; this covers three. One booked whole-home cleaning pays for the entire run.

THE CARD, AS ORDERED

Front, 6.5 x 9 in

Address side, indicia and QR built in

WHERE AND WHY

Routes come from the neighborhood rundown you asked for on Aug 20 (Wake County parcel data, homes built 2006 to 2011: original builder flex duct, never cleaned, equipment at end of life). Every 2006 to 2011 home in 27610 was matched to its USPS carrier route, then the routes were ranked by target density and household income.

Route	Neighborhood	Homes	Built 06-11	Income
C001	Battle Ridge North	770	276 (36%)	\$106k
C032	Griffis Glen / Battle Ridge	701	298 (43%)	\$106k
C004	Tryon Place	700	252 (36%)	\$73k
Total		2,171	826 (38%)	

Mailing the whole ZIP blind would land on a 2006 to 2011 home about 10% of the time. These three routes hit 38%, and they are the three highest-income routes in 27610, the households that book a \$1,500 to \$1,800 job off a postcard. Mail is sold by carrier route, not by subdivision, so the other 62% are the same streets and income, mostly 1995 to 2005 and 2012 to 2018 homes with ducts nobody has cleaned either.

WHAT BEN IS DOING

- Print order placed today on the company card. Cards ship to Ben's house, arriving Sep 3 to 10.
- Ben bundles them to USPS spec (100 per bundle, facing slips, PS Form 3587), pays postage online, and drops them at the Sunnybrook post office. Carriers deliver that week.
- Calls come to 919-907-9742. The card offers a free dryer vent inspection with any duct cleaning, so whoever answers the phone needs to know that offer.
- If it books jobs, the same play scales to the rest of the zone: about 3,500 more homes for roughly \$1,300.

COST

Printing: 2,500 cards, 6.5x9, 14pt gloss, UV front (55printing, tax and shipping included)	\$323.28
USPS postage: 2,171 pieces at \$0.26, EDDM Retail, paid direct to USPS	\$564.46
Total	\$887.74

2,500 is the printer's smallest tier above 1,000 at this size, and two 1,000 orders cost more. The 329 spares go to walk-ins and drops around the first jobs this books. No mailing list, no mail house, no design fee.
